## Introduction

Curtain Call Performing Arts Company opened in 2017 with the goal of sharing the magic of theatre with as many people as possible. CCPAC started with one youth program that produced a full scale Broadway Jr musical. We now have grown to 7 different training programs for both children, teens and adults alike, 7 performances a year and are on the way to officially become not-for-profit company.

The performing arts is a way to bring our community together- to work towards one common goal and support each other along the way. CCPAC creates life long friendships, teaches valuable life skills and sparks a passion for the performing in the community.

Over the years we have used a variety of rehearsal halls and theatre spaces around the downtown area to produce CCPAC's work. We have noticed that the **Hamilton Mountain** lacks representation and theatre spaces where artists can flourish. CCPAC is looking to fill this void and to create a space where everyone is welcome; a new home for aspiring young performers and other local artists.

CCPAC needs your help to make this happen.
