About Us

Welcome to **Curtain Call Performing Arts Company!** Founded in 2017 as a children and youth musical theatre training studio, it is our goal to educate students and help them grow to their fullest potential.

Artistic Directors Danielle Viola and Kat Baranowski have been passionate about the arts ever since they took their first musical theatre class at the age of eight and trained with professionals throughout their careers. Since then they have wanted to build a place where they can share their love of the arts with students of all ages, focusing on ages 6 through 19. Involvement in the musical theatre offers students self confidence, independence, the ability to grow as individuals and belong to a community that is supportive and welcoming.

Our goal is to give students a safe place where they feel welcome as they have the ability to be themselves all of the time. Our classes offer a combination of singing, dancing, acting and performing skills. As well as training behind the scenes with costuming, set design and prop making. On top of this skill base, we give students to opportunity to learn valuable life lessons and create lifelong friendships. Our main program culminates in a Broadway JR production with full sets, costume, lights, sound and props. On our off season we run workshops with professional guest instructors in the industry. We are so excited to welcome you into our Curtain Call Performing Arts Company family!

Your Support

When becoming a season sponsor for Curtain Call Performing Arts Company you are helping enrich the children and youth that live within your community as well as bringing Musical Theatre into your town. Your assistance will greatly impact the students that sing, dance and act across the Curtain Call stage.

Our company runs various programs throughout the year. Our culminating program is our Musical Theatre class that presents a JR musical at the end of the year. This program runs from September to February with two hour rehearsals each week. Also our new Teen Intensive Musical Theatre experience where students ages 13+ put together a full scale musical in just 8 weeks with a low budget. Students are taught the fundamentals of dance, singing and acting while putting together a musical theatre production. The performance and production aspects are completed to professional standards, giving students an experience that is not offered for youth. We present our musical in a Theatre that seats 100 patrons a night, with full scale sets, lighting, sound, props and costumes, it is truly magical experience for all of Curtain Call Students with audiences that are overjoyed by what they have seen the students do.

Your donation will be used in many ways. Musical Theatre is an expensive process, for Curtain Call Performing Arts Company to give their students a full experience donations are needed. Your season sponsorship will go towards rights and royalties for the production, rehearsal studio rental, theatre space rental, technical equipment, and other various production costs such as costumes, makeup, hair artists, props and sets.

If you are not able to provide a sponsorship this season there are multiple other ways you can help Curtain Call Performing Arts Company, be volunteering! We are always looking for season volunteers to help with all of the backstage organization and various production duties, please don't hesitate to contact us for more information about volunteering.
